

NEUESIC introduces the next-generation of The Firm Directory

Unika is your company's hub for **Knowledge Management**

Unika's easy to build profiles and pages allows you to use existing firm knowledge to build an AI-powered repository. Unika's intelligent search agent helps you **quickly find relevant information across internal systems** through an integrated platform. Unika enables knowledge sharing and insightful collaboration to help your employees access critical information quickly, reduce rework and make better decisions.

Our mission is to transform how your organization creates, shares, and reuses knowledge to enable innovation and increase employee productivity.
